*Your business is our business!*

2019 Collection

# Editorial

*I am proud to present our third catalogue dedicated to our business customers.*

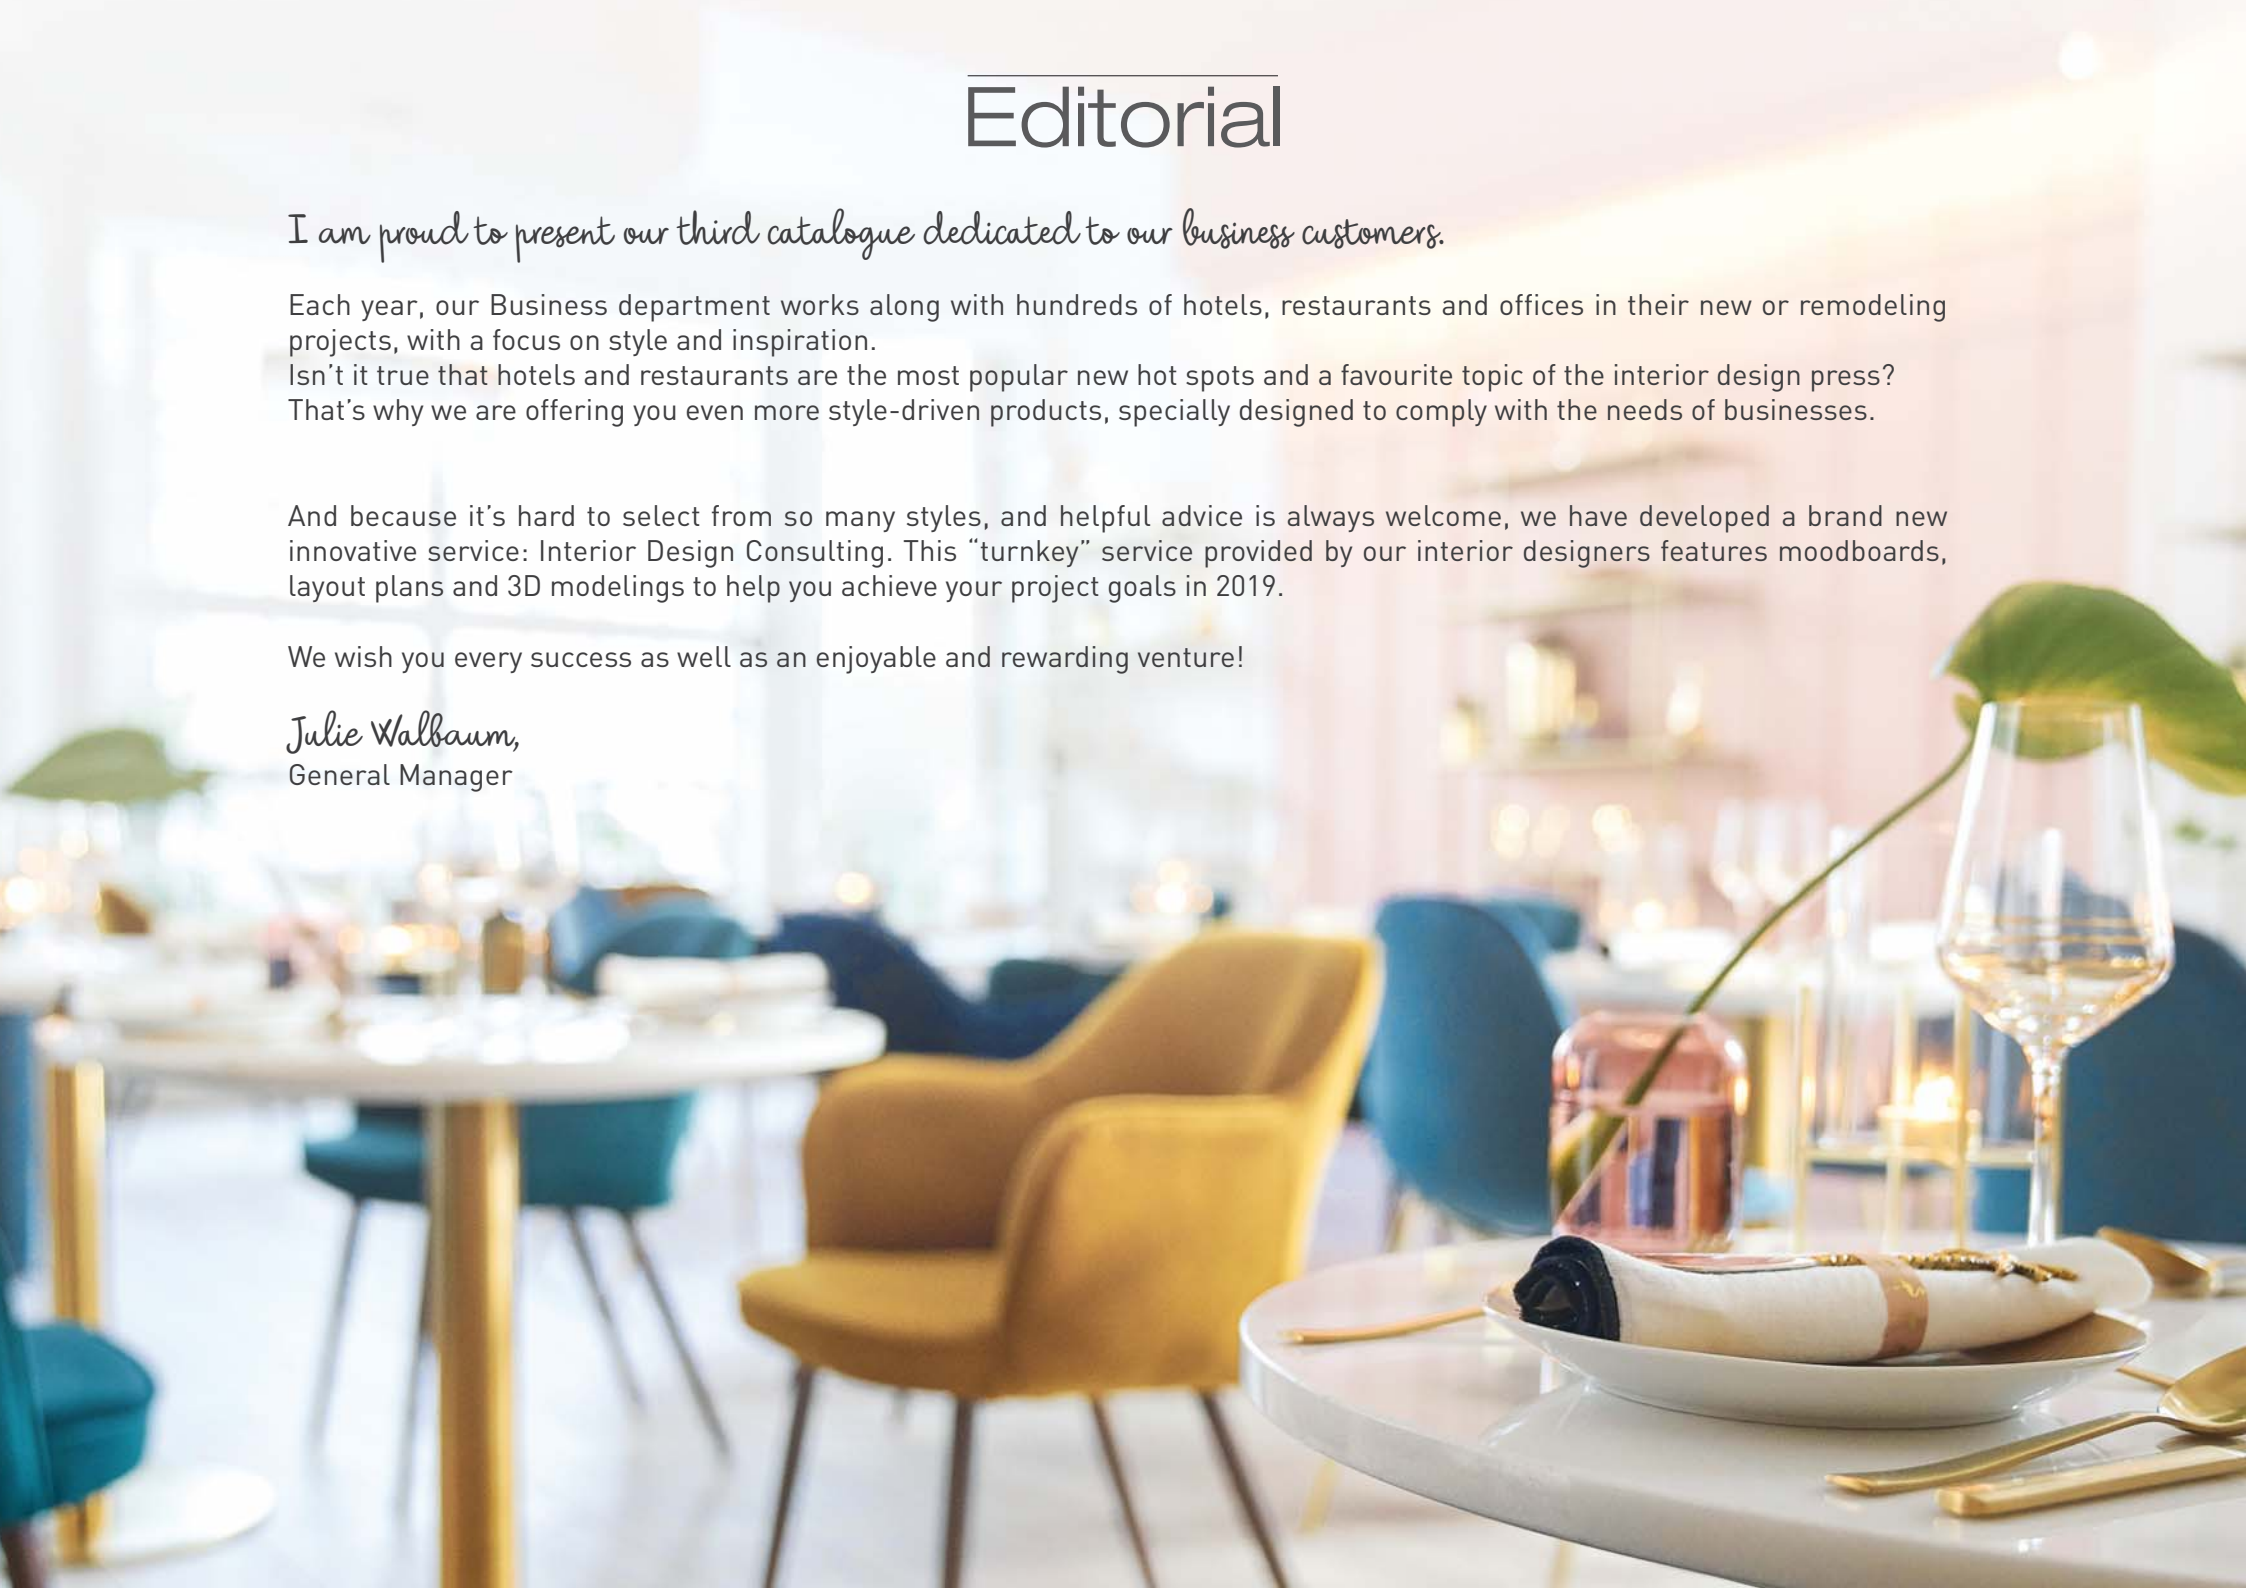

Each year, our Business department works along with hundreds of hotels, restaurants and offices in their new or remodeling projects, with a focus on style and inspiration.

Isn't it true that hotels and restaurants are the most popular new hot spots and a favourite topic of the interior design press? That's why we are offering you even more style-driven products, specially designed to comply with the needs of businesses.

And because it's hard to select from so many styles, and helpful advice is always welcome, we have developed a brand new innovative service: Interior Design Consulting. This "turnkey" service provided by our interior designers features moodboards, layout plans and 3D modelings to help you achieve your project goals in 2019.

We wish you every success as well as an enjoyable and rewarding venture!

*Julie Walbaum,*  
General Manager
